

# THE *KEGGS*<sup>®</sup> ADVANTAGE

KEGGS Eggs are known to preserve Rich taste and Health, similar to Desi Egg. These eggs are nutrient rich, near-organic eggs, produced under safe environment with strict quality and process, to provide you truly beneficial and great tasting eggs!

## NUTRIENT & MINERAL RICH

KEGGS Eggs are tested to maintain higher levels of Selenium, Iodine, and are rich in Calcium, Iron & Protein, resulting in multiple health benefits, specially amongst growing children and adults too.

## HUMANELY PRODUCED

KEGGS producing hens are humanely housed on litter, in a Cage-free enclosure allowing them to roam freely with easy access to feed, water, perching, and nesting privacy.

## SAFE

Produced by healthy birds, these eggs are free from diseases and in particular - Bird Flu. They contain no residual antibiotics or any other residual chemical/ artificial ingredients.

## FRESH

KEGGS are delivered fresh from farm, directly to individual Retail Outlets in regulated quantities, ensuring that they reach the consumers refrigerators in the freshest possible state.

## BRIGHT YOLKS

KEGGS Yolk is deep yellow in colour (indicating no use of artificial colouring agent) and not orange/red. On breaking a KEGGS, the yolk stands high and the albumin – firm, which are signs of freshness.

## NATURAL TASTE

KEGGS have distinctly natural wholesome taste and are free from all odours.

## INFERTILE

These are infertile eggs, produced in hygienic conditions.

## NEAR ORGANIC

The hens are fed only the highest quality natural materials, such as maize, rice derivatives, soya, sunflower extracts, and plenty of greens. Additionally, no materials of animal origin are included, making the eggs as good as organic.

KEGGS TAN | KEGGS BROWN | KEGGS KADAKNATH | KEGGS DESI | KEGGS JUMBO
